TURNIP SAKATA'S TOKYO MARKET

We recommend this fine variety for use wherever a fast growing turnip is required. In Florida it is commonly called Salad Turnip, as both the fine white roots and the tops can be used. The root and foliage are smaller than Shogoin but the very early maturity and its extreme resistance to heat and dry weather make it a very valuable addition to the list.

ALL-DOUBLE PETUNIAS

SAKATA'S ALL-DOUBLE GIANT FRINGED STRAINS represent the highest horticultural accomplishment in this field. Acknowledged by countless testimonials to be 100% double, of stocky, healthy habit, and profuse bloom, little can be added. Flowers frequently exceed five inches in diameter and are exquisitely ruffled and fringed in a vast range of brilliant and intermediate colors. Being real money makers, they are in strong demand by florists. There are two strains:

PETUNIA ALL-DOUBLE GIANT FRINGED MIXED COLORS:
